1. Full Business Name (Name Permit will be issued under):

2. Address (actual location of equipment/process):

Street _____

City _____ State _____ Zip Code _____

3. Business/Mailing Address (if different than above):

Street _____

City _____ State _____ Zip Code _____

4. Name and Address of Responsible Party (Operations Contact person):

Name _____

Street _____

City _____ State _____ Zip Code _____

Telephone No.: _____ Fax No.: _____

5. Expected date for start of construction (for new installations): _____

Estimated date for start of operation: _____

6. Description of equipment/process (include: manufacturer, model, serial number, attach flow diagram, etc.):

7. Materials Used in Process (i.e. type of solvents, resin, paints, raw product processed, etc.):

***** **Attach MSDS sheets** *****

Raw Material _____ Estimate Average Quantity used per year _____

8. Projected Operating Time: Time of Day _____ to _____
Hours per Day _____ Days per Year _____
For Batch Processes: Hours per Batch _____ Pounds per Batch _____
Batches per Year _____

9. Description of Air Pollution Control Apparatus: _____

Manufacturer:

- a. Height of Discharge above ground _____ feet
- b. Distance from discharge to nearest property line _____ feet. Direction _____
- c. Stack diameter in feet _____
- d. Volume of gas discharged into open air in cubic feet per minute _____
- e. Temperature at point of discharge in degrees F _____

10. For fuel burning equipment state:
Aggregate input BTU/hr: _____
Type of Fuel used: (circle) Natural Gas - Fuel Oil - Coal
Type of Back-up Fuel used: (circle) Natural Gas - Fuel Oil - Coal
Sulfur Content if Oil or Coal is used: _____
Average Hours Operated (hrs/yr): _____
Average amount of Fuel consumed per hour: _____

11. **PROJECTED PROCESS EMISSIONS (LBS/DAY):**

	without Control Equipment	with Control Equipment
Particulate	_____	_____
Sulfur Dioxide	_____	_____
Carbon Monoxide	_____	_____
Oxides of Nitrogen	_____	_____
Hydrocarbons	_____	_____
Lead	_____	_____
Hazardous Air Contaminants (Toxics):	_____	_____

Other (specify): _____

NOTE: Applicant agrees to allow on-site inspection during and after construction by the Air Quality Management Division during working hours without prior notice. The operator must notify this office when facility commences and completes construction. An official Permit to Operate will not be issued until a final inspection is made and any test data has been forwarded to this office assuring that equipment will meet all district and state regulations.

This application is submitted in accordance with the provisions of Section 030.005, and under penalty of perjury, to the best of my knowledge the information supplied in this document is true and correct.
